

Gray Academy

OF JEWISH EDUCATION

Gray Academy of Jewish Education is North America's only Jewish International Education program with a Jewish homestay experience.

Located in the heart of Canada's Prairie region, Gray Academy has become the largest independent Pluralistic Community Jewish Day School in Western Canada.

Our school offers International students high-quality English study opportunities, as well as innovative and challenging academic courses in the areas of Language, Science, Technology, Mathematics, Humanities, Performing Arts, Athletics, Judaic Studies and Hebrew.

We provide an amazing opportunity to nurture life-long friends in a safe and friendly environment. International students become family members and will find a "second home" in our school and community.
