Additional Bursary Assistance

The WBJE is aware that special circumstances may occasionally arise that affect your family's financial status. This may include, but is not limited to, loss of job, change in family living status, bankruptcy, illness, injury or death. Additional bursary assistance will be considered based on need, financial circumstances of applicants, and available funds. Priority is given to those most in need. Families need to re-apply every year if they still require additional support. Each year will be treated separately to reflect available funds and family circumstances. Applications for additional bursary assistance will be available on the Gray Academy website beginning on January 17.
